Meeting called to order at 3:10 pm by Chair Scheinfeld

November MPAC meeting minutes approved.

Agenda and Notes

Pedestrian Crash Fatality Update –

a) We have two confirmed fatalities so far this year.  
b) 2018 fatalities trended similar to 2012-2016 average, except for April 2018 when 8 pedestrians were killed.  
c) The Department’s priority is to continue investing in High Crash Corridors  
d) Majority of victims are hit by larger vehicles.

d) Most of the drivers involved in crashes were 50 years old or younger, while the majority of victims are older Chicagoans (> 50 years old).

City Updates -

a) Vision Zero - Currently restructuring the Vision Zero organizations. The team has a new project lead: Sarah Powers. The Downtown Task Force has one last meeting to review recommendations. Both the West Side Plan and Annual Report will be released in March. World Day of Remembrance was a success and the City is looking forward to make it a yearly event.

b) Accessible Pedestrian Signal Installation (APS) - APS communicates information about the ‘Walk’ and ‘Don’t Walk’ pedestrian intervals in a non-visual format. Currently 11 intersections have APS. The latest installation took place on Roscoe, the following will be installed on Stony Island Avenue and Ashland Avenue. Installation for APS in the Loop is targeted for 2020. All full signal modernization include APS.

c) Capital Projects- CDOT’s goal is to update 300 intersections by 2020, by the end of last year, 175 were completed. ADA upgrades will continue this year. The Snow Removal Task Force is composed of several City departments to coordinate efforts and resolve snow removal issues city-wide.

Discussion on MPAC Changes –

This was an initial conversation to identify the direction of the Council and improvements to be made in 2019:

a) Council’s leadership structure: the Commissioner should remain as co-chair. One or two community/non-governmental partners should serve as co-chair(s), –

b) Membership: the council should strive to have representation from different regions of the City as well as different professional sectors

c) Expectations, responsibilities and role descriptions for members will be drafted moving forward.

d) Site visits or meetings outside City Hall will be scheduled in between quarterly MPAC meetings.

e) Community Areas could be highlighted in each meeting to allow for a more organic agenda.

### Public Comment

- How can more members of the public learn about this committee? – It would be helpful if the council has channels to better inform the public about the efforts of this group.
- Could MPAC publish an annual report?
- Is MPAC providing updates and information to Aldermen?

### Adjournment at 4:30 pm
